I have written to the Liberator all that is necessary, so  
you will not be troubled any further than to give Mr Knapp  
the bundle I send him.

to  
the matter — just look at it, Mr Phelps, we have given several hundred dollars  
except what we have paid for directly. It is time we were remembered by a first-rate agent.  
in

I believe you overstated the amount of the collection at Kenosha - Mr. Richmond is Treasurer, & he has the papers - I think there was but about \$240 collected - the Liberator said 300 -

I shall number the resolutions, & write a short account of the meeting, & enclose in this sheet - Two of them were not passed, viz. The one touching the "Benevolent Societies", & the other touching the "Duty of the Churches". It will be well to say in publishing, that these were not adopted for want of time to discuss them - other subjects, such as Treas., I. L. & Co., the Right of petition & discussion taking up all the time which was not necessarily occupied in business.

I believe there is \$13 due from the County Society on an old pledge of 100 made a year ago or more, unless it has been paid by the Abington Society - as I have kept the account, it stands thus,

Old Colony Society to Mass.

R.

To. Pledge by G. M. & J. Morton 100.00, By. Cash of J. Morton 50 -

By. Abington Society as  
per H. Whiting's letter  
to G. M. 25 -

By. Cash paid by G. M. & J.  
I saw it published in the  
Treasurer's a/c. I think, 12  
it might have been in the Liberator's 87 -

Receiv. a bal. due of 13

unless paid by the Abington

100. Being -

100 -

To. bal. due about 13 -

Please send me word how the matter stands, whether the above balance is or is not due, & if due, as soon as I can see Mr. Richmond, the money shall be forwarded. "Business letters, should be short, but it depends, considerably, on the amount of business or land, as to how short.

Yours Respectfully,

Geo. Russell.

P.S. our County Society ought to have given but \$100 to the Am. & \$100 to the Mass. Society - Mr. Morton made the pledge, & did not at the time fully understand the terms of the Societies & never had \$50 worth of labor expended in the County, except at the 1st & 2nd Conventions in May.

Rev. A. A. Phelps.

Dear Sir,

Kingston July 8. 1837.

I see by the Liberator of to-day, that our County Meeting was noticed, briefly, in that paper. I sent a notice to the Old Colony, to the Emancipator &c., and I should, probably, have sent a similar notice to the Liberator, but that I wished to have the Resolutions published in full in the Liberator, & I could not conveniently send them to you before. I write to you, because Mr. Stanton said you wanted to get the names of those who would circulate petitions, say one or two good men from each Town in the County, & I thought you would take the trouble to send Mr. Knapp the resolutions, & save my writing to you both.

X All marked thus are supplied with petitions, & I hardly know why Mr. S. wished me to send their names.

Plymouth. Edwin Morton X  
Middleboro'. Nathl. Eddy X  
Bridgewater. Moreton Eddy X  
N. Bridgewater. Col. Edward Southworth X  
W. S. S. S. S. - X  
E. S.

I know of no Abolitionist there, Rev. Mr. Sanford ought to be one. (the other Min.)

Abington. Joseph Cleverly, you had better send him soon, as many as 6 or 8 Sheets of petition. he took none, as there was not enough for all.

Hanover. Rev. A. G. Duncan. I am not certain, but think he took some.

Hanson. Melrose Sprague.

Nympton. Cephas Pumps. X I will send some there.

Halifax. Reuben Sylvester X

Carver. Ephraim Harlow &c. I have sent him some.

Pembroke. Edmund Gifford & Martin Bryant. X

Scituate. Jacob Vinal.

S. Scituate. Anson Robbins & William T. Briggs.

Marshfield. Nathl. H. Whitney X.

Kingham. Fairus Lincoln.

Duxbury. Andrew Peterson X.

Wareham. Not a soul do I know here that is an Abolitionist. this is the Hippomany field of Rev. Samuel Drott, a knotty stick surely, & a naughty man truly, for he has been abused to preach to the Heathens, but has never lifted his voice in behalf of the poor slave at home, away with such benevolence.

Kingston. Geo. Russell & Justus Harlow X

Rochester. I do not know any Ab. here, but I think if petitions were sent to Rev. Dr. Oliver Cobb - he would hand them to some faithful persons to circulate.

Hull. This you know is the odd piece of dough, left in making the County, & contains but a handful of people.

One town but  
no man wished to have  
petition sent to with  
Post Office.
